### **Provider Enrollment Tips**

- Treat the application seriously. It is a legal agreement and a signed attestation to comply with a vast array of federal and state Medicaid rules...it is far more than just getting a "billing number".
- Make sure your enrollers <u>do good QC checks</u> of your application content before submission. Minimize need to return apps for corrections and the associated delays. Your enrollers can and should <u>check their app status in the</u> <u>portal</u>.
- If you/your enrollers have questions about revalidation or enrollment status,
   the best thing to do is contact MA enrollment staff at: 800-537-8862 Option
