PURPOSE:

The purpose of this bulletin is to provide a complete listing of all Office of Developmental Programs (ODP) bulletins that are in effect as of March 13, 2014.

BACKGROUND:

Bulletins issued by Program Offices under the Department of Public Welfare (DPW) are publically available. Bulletins issued in 1985 or later, whether they are current or obsolete, may be obtained on the DPW website at the following link: <http://www.dpw.state.pa.us/publications/bulletinsearch/index.htm>. A bulletin that has been made obsolete will have a (*) by the bulletin number.

DISCUSSION:

Upon review of ODP's current bulletins, it was determined that various bulletins should be rescinded. These bulletins are being rescinded for various reasons. Some of these bulletins discuss general information or procedures that do not reflect current practice, while others contain information that is codified in 55 Pa. Code Chapter 51 "Office of Developmental Programs Home and Community-based Services" or is contained in the approved Consolidated and Person/Family Directed Support Waivers.

COMMENTS AND QUESTIONS REGARDING THIS BULLETIN SHOULD BE DIRECTED TO:

The Appropriate Developmental Programs Regional Office

A list of the rescinded Class 1 bulletins is contained in the Obsolete Bulletins section. The list contains Class 1 bulletins that were released solely by ODP as well as bulletins released at a time when ODP managed the Department's Early Intervention Program. Although the below list of Class I bulletins are being made obsolete; ODP expects continued compliance with laws, regulations, approved Waivers, policy clarifications, protocols and standards.

In order to assist stakeholders in finding and locating current and obsolete ODP bulletins, this bulletin includes two attachments. Attachment A is a listing of all currently effective ODP bulletins. Attachment B is a listing of bulletins that ODP currently has record of that were made obsolete prior to the release of this bulletin. Please note that these attachments are accurate as of March 13, 2014. Stakeholders will need to keep track of any bulletins released after this date to ensure that they have the most up-to-date information.
