## PURPOSE:

The purpose of this bulletin is to notify case management providers of the national procedure codes and modifiers, as applicable, which will be used in place of local procedure codes for dates of service on or after November 1, 2005.

## SCOPE:

This bulletin applies to all case management providers that render services to Medical Assistance (MA) recipients in the fee-for-service delivery system. Case management providers rendering services under the managed care delivery system should address any coding or rate-related questions to the appropriate managed care organization.

## BACKGROUND/DISCUSSION:

The Administrative Simplification provision of the Health Insurance Portability and Accountability Act (HIPAA) require the Secretary of Health and Human Services to adopt national standards for transactions and codes sets. 42 U.S.C. § 1320d-2(a), (c). The HIPAA regulations require the Department of Public Welfare (Department) to use national codes. 45 C.F.R. § 162.1000. In accordance with HIPAA and the implementing regulations, the Department is adopting national procedure codes for dates of service on or after November 1, 2005.

## PROCEDURE:

The attached spreadsheet cross walks the local to national procedure codes by identifying the local procedure codes currently used for case management services that are being end-dated and the national procedure codes and modifiers that are replacing them.
