Laurent Clerc National Deaf Education Center (Gallaudet University) shares the concerns of parents and professionals about the achievement of deaf and hard of hearing students in different learning environments across the country. We all know that deaf and hard of hearing students can and do excel, but we also know that not all deaf and hard of hearing students are achieving their full potential. The Clerc Center has been mandated by Congress to develop, evaluate, and disseminate innovative curricula, instructional techniques and strategies, and materials. The aim of the Clerc Center is to improve the quality of education for deaf and hard of hearing children and youth from birth through age 21. The Clerc Center is comprised of:

Western Pennsylvania School for Blind Children (WPSBC) was chartered in 1887 and currently serves thirty-three counties including 243 school districts that comprise the western section of the Commonwealth. WPSBC provides superior opportunities for training and education to students who in addition to visual impairment are disabled by other severe conditions. The School is dedicated to helping all students gain as much independence as possible so that they can experience positively the companionship of family, friends and the community. The School also offers assistance to families and serves as a resource to the public.
