SUBJECT Application of InvestiClaim™ Analytics to Select Claims - Update		BY  Vincent D. Gordon, Deputy Secretary Office of Medical Assistance Programs

PURPOSE:

The purpose of this bulletin is to issue an update to Attachment A of medical assistance (MA) Bulletin 99-13-09 regarding the application of InvestiClaim™ Analytics to select claims, effective May 31, 2013.

SCOPE:

This bulletin applies to providers enrolled in the MA Program who submit professional and outpatient claims as indicated in Attachment A, for services rendered to MA recipients in Fee-for-Service (FFS). Claims received by MA from its HealthChoices managed care delivery systems will also be included, as specified in Attachment A.

BACKGROUND/DISCUSSION:

The Department of Public Welfare (department) issued MA Bulletin 99-13-09, “Application of InvestiClaim™ Analytics to Select Claims” on May 17, 2013, informing providers that the department was implementing the InvestiClaim™ analytics tool effective May 31, 2013. MA Bulletin 99-13-09 included Attachment A, InvestiClaim™ Claims Criteria. The attachment provides a list of the categories of claims included and excluded from the InvestiClaim™ editing and review process. The department is updating the attachment to provide clarification that behavioral health encounters received from managed care plans are excluded from InvestiClaim™ analytics. Behavioral health claims billed under the FFS delivery system are included and are otherwise subject to InvestiClaim™ analysis and review. This update is intended as clarification and does not represent a change in the way claims have been processed since the original May 31, 2013 effective date.
