

ISSUE DATE February 3, 2014	EFFECTIVE DATE January 22, 2014	NUMBER *See Below
SUBJECT Prior Authorization of Epinephrine, Self-Injected – Pharmacy Services	BY  Vincent D. Gordon, Deputy Secretary Office of Medical Assistance Programs	

IMPORTANT REMINDER: On **October 1, 2014**, the ICD-9 code sets used to report medical diagnoses and inpatient procedures will be replaced by ICD-10 code sets. Additional information is available on the DPW website at: http://www.dpw.state.pa.us/provider/icd10information/P_012571

PURPOSE:

The purpose of this bulletin is to:

1. Inform providers that the Department of Public Welfare (Department) will require prior authorization of prescriptions for an Epinephrine, Self-Injected designated as non-preferred on the Department's Preferred Drug List (PDL).
2. Issue updated handbook pages that include instructions on how to request prior authorization of prescriptions for Epinephrine, Self-Injected, including the type of medical information needed to evaluate requests for medical necessity.

SCOPE:

This bulletin applies to all licensed pharmacies and prescribers enrolled in the Medical Assistance (MA) Program and providing services in the fee-for-service (FFS) delivery system, including pharmacy services to residents of long term care facilities.

BACKGROUND:

The Department's Pharmacy and Therapeutics (P&T) Committee meets semi-annually to review published peer-reviewed clinical literature and make recommendations relating to new drugs in therapeutic classes already included in the

PDL, changes in the status of drugs on the PDL from preferred to non-preferred and non-preferred to preferred, new quantity limits, and new classes of drugs to be added to or deleted from the PDL. The P&T Committee also recommends new guidelines or modifications to existing guidelines to evaluate requests for prior authorization of prescriptions for medical necessity.

DISCUSSION:

During the November 5, 2013 P&T Committee meeting, the P&T Committee recommended adding the Epinephrine, Self-Injected class of drugs to the Department's PDL. The P&T Committee also recommended guidelines to determine medical necessity. The requirement for prior authorization and the guidelines to determine medical necessity were subject to public review and comment, and subsequently approved for implementation by the Department. The requirements for prior authorization and clinical review guidelines to determine the medical necessity of Epinephrine, Self-Injected are included in the attached updated provider handbook pages.

PROCEDURE:

The procedures for prescribers to request prior authorization of Epinephrine, Self-Injected are located in SECTION I of the Prior Authorization of Pharmaceutical Services Handbook. The Department will take into account the elements specified in the clinical review guidelines (which are included in the provider handbook pages in the SECTION II chapter related to Epinephrine, Self-Injected) in reviewing the prior authorization request to determine medical necessity.

As set forth in 55 Pa. Code § 1101.67(a), the procedures described in the handbook pages must be followed to ensure appropriate and timely processing of prior authorization requests for drugs that require prior authorization.
