PAYMENT ERROR RATE MEASUREMENT (PERM) INITIATIVE FOR FFY 2015

It is essential that providers routinely update their contact information in PROMISe™. The Department of Human Services (Department's) Medical Assistance (MA) program is part of the Centers for Medicare and Medicaid (CMS) 2015 PERM Initiative. The initiative will be conducted during the 2015 Federal fiscal year (FFY) and encompasses provider claims that were paid or denied from October 1, 2014 through September 30, 2015.

If your service claim(s) are selected for review, the CMS contractor staff from A+ Government Solutions will be contacting you, the provider, using your contact information in PROMISe™ in order to obtain copies of medical records and supporting documentation for the selected claim review. To avoid the potential for medical record errors in the 2015 PERM Initiative and subsequent claim adjustments, please take time now to update your provider information in PROMISe™, including address(es) and telephone number(s).

- **To change a service location address if the provider has moved or for information about changing provider legal entity and service location(s), please click on the following link:**

Provider mail-to, pay-to, and home office information can be updated through the department's PROMISe™ internet ePEAP. An instruction guide can be found at the following link:

Providers can anticipate receiving medical record requests from A+ Government Solutions in June or July of 2015.
