PATH FORWARD

Convene stakeholder committees

Four committees will examine the impact of:

- health
- education
- community
- technology

Support community schools

\$1.5 million in grants will be made to schools within the HEZ so that students will have improved access to higher quality health care.

Reduce barriers to care for “super-utilizers”

Identify the top 100 adult and top 100 pediatric “super-utilizers” to help improve the quality of care they receive.

Provide opportunities for families

Work with the City of Philadelphia, the Philadelphia Chamber of Commerce, and community stakeholders to help ensure employment opportunities for North Philadelphia residents.
