

December 1, 2009

Dear Child Care Works Provider:

Your payments for July 1, 2009 through September 30, 2009 are being adjusted to reflect a temporary rate increase of \$.50 per day for each subsidized child enrolled in your program that received care during these months. This is a one-time, time-limited rate adjustment. Your temporary rate increase is being processed by your CCIS and will appear in your payment for the November or December service month.

Thank you for your on-going work to serve Pennsylvania's children and families during what has proven an exceptionally challenging budget year.

Sincerely,

Harriet Richter
Deputy Secretary
