Purpose:

The purpose of this communiqué is to provide information regarding authorization of the FY 2009-10 August 2009 CCIS Invoices.

Discussion:

Despite the fact that the Commonwealth Budget has not yet been passed for FY 2009-10 the Comptroller's Office has requested that the Office of Child Development and Early Learning (OCDEL) move forward with authorizing the pending CCIS Invoices.

Please understand that the authorization will only allow the invoice payment details to be determined within PELICAN Child Care Works and will permit the Comptroller's Office to perform the necessary audits of the invoices.

The CCISs will still NOT receive those payments until the Commonwealth Budget has been passed for FY 2009-10.

2. Direct questions to your Subsidy Coordinator.
