

Title	Child Care and Development Fund
-------	---------------------------------

Description The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 created this new block grant which provides funds to states for an integrated child care program. This program allows states flexibility in developing programs to provide child care to children of parents trying to become independent of public assistance, to provide consumer education information to parents, to promote parental choice, and to implement state health, safety, licensing and registration standards. States are not required to match discretionary funds, however, there are some maintenance of effort and state matching requirements.
