

Provider Revalidation File (PRV720): File Layout

Description: The file contains all active service locations at the time the process is run on the 1st of each month.

Field	Data Type	Length	Description
Header Record			
Header Indicator	Character	3	"HDR"
Header File ID	Character	9	“PRVP720M“
Date	Numeric	8	Date the file was created - Formatted MMDDCCYY
Filler	Character	17	Space Filler
Detail Record			
PROMISe™ Provider Number	Character	9	Provider ID number
Service Location	Character	4	Service location of the provider
Last Validation Date	Numeric	8	The date when the service location was last validated. For service locations without a last validation date, the field will be filled with 8 spaces.
Revalidation Date	Numeric	8	The date when the service location is due for revalidation. This date may be in the past if the service location was excluded from closure.
Expected Closure Date	Numeric	8	The date when the service location is expected to be closed for not being revalidated. This will only be populated if the expected closure date is within the next 90 days otherwise the field will be filled with 8 spaces. Service locations meeting the exclusion criteria will not have a closure date in the file.
NPI	Character	10	The National Provider Identifier mandated for use by the Centers for Medicare and Medicaid Services (CMS). For services locations without an active NPI number, the field will be filled with 10 spaces.
Trailer Record			
Trailer Indicator	Character	3	"TRL"
Record Count	Numeric	9	Excludes header and trailer record, zero filled, right justified
