Family Safety: Information About Your Benefits and Domestic Violence

Domestic violence happens when someone in your life harms you. Abuse can be physical, sexual or emotional. It includes:

- Physically hurting you or your children
- Threatening or trying to hurt you, your children or your property
- Forcing you to have sex
- Sexually abusing your children
- Controlling where you go and who you see
- Not allowing you or your children to have food, clothing or medical care
- Keeping you from going to work or school
- Following or stalking you

If you are or have been a victim of domestic violence or are at risk of further violence, your caseworker can excuse you from requirements for cash assistance if domestic violence prevents you from complying. Sometimes people cannot safely follow welfare requirements because they fear that they or their children will be abused if they do so. These include:

- Support cooperation
- Time limits
- Work (RESET)
- Requirements that teen parents live at home
- Other requirements on a case-by-case basis
- Verification

If you need to be excused from welfare requirements because of domestic violence, tell your caseworker.

If you or your children are or have been victims of domestic violence, or are at risk of further violence, your caseworker can:

- Talk to you if you want to talk. You can ask to talk in private. Your caseworker and the staff will keep your personal information confidential. However, the law says that the Department of Human Services must report child abuse to the Children and Youth Agency.
- Help you find local programs where you can get counseling, safety planning, shelter, legal services and other help.
- Help you understand the rules for applying for cash assistance, and how they affect you if you apply. Certain TANF requirements may be waived based upon domestic violence.

For more information about crisis intervention, counseling, accompaniment to police, medical and court facilities, temporary emergency shelter, and prevention and education programs, call:

If you are applying for cash assistance, you must name the parents of any minor children and help the Domestic Relations Section (DRS) collect support by providing the information they need unless you have good cause. If you do not help the DRS by providing the information needed and do not have a good reason for not helping, any cash assistance amount for which you are approved will be lowered by at least 25 percent.

If approved for cash assistance, you must give the Department and DRS the right to collect cash for you and others for whom you are applying. The law says that support rights will be assigned to the state if you accept cash assistance.

If support is paid for a child who gets cash assistance, the family may get some of the support in addition to the cash assistance grant.

**RIGHT TO NONDISCRIMINATION**
This institution is prohibited from discriminating on the basis of race, color, national origin, disability, age, sex and in some cases religion or political beliefs.

The U.S. Department of Agriculture also prohibits discrimination based on race, color, national origin, sex, religious creed, disability, age, political beliefs or of sexual or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, (AD-3027), found online at: http://www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

(1) mail: U.S. Department of Agriculture Office of the Assistant Secretary for Civil Rights 1400 Independence Avenue, SW Washington, D.C. 20250-9410

(2) fax: (202) 690-7442; or

(3) email: program.intake@usda.gov.

For any other information dealing with Supplemental Nutrition Assistance Program (SNAP) issues, persons should either contact the USDA SNAP Hotline Number at (800) 221-5689, which is also in Spanish or call the State Information/Hotline Numbers (click the link for a listing of hotline numbers by State); found online at: http://www.fns.usda.gov/snap/contact_info/hotlines.htm.

To file a complaint regarding a program receiving Federal financial assistance through the U.S. Department of Health and Human Services (HHS), write: HHS Director, Office for Civil Rights, Room 515-F, 200 Independence Avenue, S.W., Washington, D.C. 20201 or call (202) 619-0403 (voice) or (800) 537-7597 (TTY).

This institution is an equal opportunity provider.

**RIGHT TO CONFIDENTIALITY**
We will keep your information private. It will only be used to decide which programs you may be eligible for. The county assistance office (CAO), when requested, must provide federal, state and local law enforcement officials with the address, Social Security number (SSN) and photograph (if available) of an individual who is fleeing to avoid prosecution, custody or confinement for a felony or violating probation or parole. Any person knowingly violating any of the rules and regulations of this department shall be guilty of a misdemeanor and, upon conviction shall be sentenced to pay a fine, not exceeding one hundred ($100) dollars, or to undergo imprisonment, not exceeding six months, or both (62 P.S. section 483).

**RIGHT TO A WRITTEN NOTICE**
We will give you a written notice explaining your benefits. If we deny, change, suspend or stop benefits, we will give you a written explanation of why. You have 30 days (90 days for Supplemental Nutrition Assistance Program (SNAP) benefits) from the mailing date of the notice to ask for a hearing.

**RIGHT TO APPEAL**
You have the right to ask for a Department of Human Services (DHS) hearing to appeal a decision if you believe it is unfair or incorrect, or if DHS fails to act on your application for benefits. You may file the appeal at the CAO. If you appeal, you may also request an agency conference before the hearing. If your appeal involves expedited SNAP benefits, you have the right to have this conference with a supervisor within two work days. At the hearing you may represent yourself, or someone else, such as a lawyer, friend or relative may represent you.

**RIGHT TO CLAIM GOOD CAUSE**
If you apply for cash or Medical Assistance benefits, the law requires you to cooperate with establishing paternity and seeking support. You may be excused from these requirements if you prove it may be dangerous for you and/or your child(ren). This is known as good cause. Unless a good cause exemption is established, you will be required to meet employment and training requirements. You will also be required to meet semi-annual reporting requirements unless good cause is granted.

**RIGHT TO CERTIFICATE OF CREDIBILE COVERAGE**
Federal law limits when health coverage may be denied or limited for a pre-existing condition. If you enroll in a group health plan that excludes treatment for a condition you already had, you can be credited for the time you received Medical Assistance coverage. This may help you obtain coverage. Contact your caseworker to request this certificate.

**RESPONSIBILITY TO PROVIDE INFORMATION**
You must give true, correct and complete information. You must help in proving the information you give. Benefits may be denied if you fail to provide certain proof. If you cannot provide proof, you should ask the CAO to help you obtain it. If you are contacted by DHS or the Office of State Inspector General, you must fully cooperate with those persons or investigators. If you are age 55 or older and receive Medical Assistance, you may be required to repay the cost of these services from your probate estate. If you are applying for cash assistance, we may require you to sign an agreement to repay benefits that you, your spouse and your children have received.

**RESPONSIBILITY TO PROVIDE SOCIAL SECURITY NUMBERS**
For cash, Medical Assistance and/or SNAP benefits, you must provide an SSN for each person for whom you are applying. If you do not have an SSN, you must apply for one. Not providing an SSN may result in not being able to receive benefits. For cash benefits, we may ask for an SSN for anyone whose income or resources may affect your eligibility or the amount of benefits. Your SSN will be used for identity, for computer matches which verify income and resources, and to prevent duplication of state and federal benefits. An alien who is applying for emergency Medical Assistance only is not required to provide an SSN. (42 U.S.C. § 1320b-7)

**RESPONSIBILITY TO USE THE PA ACCESS CARD LAWFULLY**
Once you are eligible for benefits, you will be issued a PA ACCESS card. This card may only be used for the person who is eligible and only during the eligibility period. You may only use the card for services that are needed and reasonable.

**RESPONSIBILITY TO REPORT CHANGES**
If you qualify for benefits, you will be required to report changes in your circumstances to your caseworker or to the Customer Service Center. Types of changes reported would include people leaving or moving into the house, a new address, a new job for someone, if someone loses a job, birth of a child, new sources of income or changes to income, and lottery and gambling winnings. Your caseworker and notices you receive will cover the specifics in detail based on the programs and benefits you are eligible for. Failure to report required changes within the program guidelines could result in a loss of benefits, sanctions, or civil or criminal charges. You may report changes to the CAO in person, by phone, fax, mail or through a MyCOMPASS account. You may also report changes to the Customer Service Center at 1-877-395-8930, or for Philadelphia, 1-215-560-7226 any time.

**PRIVACY ACT STATEMENT**
(i) The collection of this information, including the Social Security number (SSN) of each household member, is authorized under the Food and Nutrition Act of 2008, as amended, 7 U.S.C. 2011-2036d. The information will be used to determine whether your household is eligible or continues to be eligible to participate in the SNAP Program. We will verify this information through computer matching programs. This information will also be used to monitor compliance with program regulations and for program management.

(ii) This information may be disclosed to other federal and state agencies for official examination, and to law enforcement officials for the purpose of apprehending persons fleeing to avoid the law.

(iii) If a SNAP claim arises against your household, the information on this application, including all SSNs, may be referred to Federal and State agencies, as well as private claims collection agencies, for claims collection action.

(iv) Providing the requested information, including the SSN of each household member, is voluntary. However, failure to provide an SSN will result in the denial of SNAP benefits to each individual failing to provide an SSN. Any SSNs provided will be used and disclosed in the same manner as SSNs of eligible household members.

When I sign this form:

• I understand that Pennsylvania receives information from the Income Eligibility Verification System (IEVS), financial institutions, consumer reporting, and state and federal agencies to verify the information I give them. Information available through IEVS and other entities will be requested, used and may be verified through collateral contact when conflicting details are found by the state agency, and such information may affect my household’s eligibility and level of benefits.

• I understand that by signing this application, I am authorizing any financial institution to disclose, through electronic or any other means, any and all financial information held by that institution, to the Department of Human Services or its designated agent or contractor for the purpose of identifying and verifying resources (also called “assets”) when needed to determine and redetermine eligibility for Medical Assistance. I understand that financial information includes deposits, withdrawals, account closures and other relevant information requested or received from the financial institution, including other transactions undertaken by the financial institution with respect to the account or asset. I understand that this authorization is effective until Medical Assistance eligibility is denied or ends, or if I decide to revoke it by written notification to the department, whichever happens first. I understand that if I revoke this authorization, that may make me or my household ineligible for Medical Assistance.

• I understand that if I misrepresent, hide or withhold facts that may affect my eligibility for benefits, I may be required to repay my benefits and I may be prosecuted and disqualified from receiving certain future benefits.

• I understand that I can designate an authorized representative by completing the Authorized Representative section and submitting it with this application.

• I understand and agree that I am responsible for any fraudulent statements made on this application, even if the application is being submitted by someone acting on my behalf.

• I received a copy of my rights and responsibilities, have read them or someone has read them to me, and I understand them.

• I understand that the information entered in this application will be kept confidential and used only to administer benefits. I authorize the release of personal, financial and medical information for the purpose of determining eligibility.

• I understand that any changes I am required to report must be reported within the first 10 days of the month following the month of change.
  - I understand that my household may lose SNAP benefits if a household member receives lottery or gambling winnings equal to or greater than the SNAP resource limit for elderly or disabled households.

• I understand that I will receive a written notice explaining the benefits. If benefits are denied, changed, suspended or stopped, the written notice will explain why.

• I understand that I will have 30 days (90 days for SNAP (food stamp) benefits) from the date of the notice to request a hearing if I do not agree with the decision made on this application.

• I understand that my situation is subject to verification from employers, financial sources and other third parties.

• I understand that applicants must provide their Social Security number or apply for one if they do not have one. This number may be used to check the information on this application.

• I understand that I must use the Electronic Benefit Transfer (EBT) or the PA ACCESS Card only during the period I am eligible. I must use the EBT or the PA ACCESS Card only for the person who is eligible and may get only the benefits that are needed and reasonable.

• I understand that I may not use Cash Assistance funds issued through my PA ACCESS card to make EBT transactions in liquor stores, casinos (gambling casinos, gaming establishments), or places for adult entertainment.

• I understand that I do not have to provide a Social Security number for anyone who is not applying for assistance. If I do provide their Social Security number, it may be used to check the information on this application.

• I certify that all information that has been entered is true under penalty of perjury.

• I understand that I have the right to a certificate of creditable coverage to verify my medical coverage. Federal law limits when Medical Assistance coverage may be denied or limited for a pre-existing condition. If I enroll in a group health plan that has a pre-existing condition clause, I can get credit for the time I received Medical Assistance.

• I understand that if I am determined eligible for Medical Assistance, I will be placed in the most comprehensive Medical Assistance benefit package that is available to me. I understand that I may be required to enroll in a health plan. I understand that enrolling in a health plan may be free or low cost to me, because the Department pays a monthly fee to the health plan for me.

• I understand that if I report or provide proof of the household expenses, I will get the maximum amount of SNAP (food stamp) benefits allowed. Failure to report or provide proof of the household expenses will be regarded as my statement that I do not want to receive a deduction for the unreported or unproved expense. (Authority: United States Department of Agriculture, Food and Nutrition Service, Mid-Atlantic Region, Administrative Notice 6-99, issued January 4, 1999).

• I understand that I have the right to receive credit for the household expenses at the time I report and provide proof of them at any time during my SNAP (food stamps) certification period.

• I understand that I have the right to ask the county assistance office (CAO) for assistance in getting proof of expenses and that the CAO can contact other people for confirmation if I am having trouble getting proof of anything.

• I understand that if some or all of the individuals applying do not qualify for Medical Assistance, that they may be eligible for CHIP. If this is the case, I authorize the Department of Human Services to give my name and information on this application to the insurance department or the CHIP contractor.

• I understand that if some or all of the individuals applying do not qualify for Medical Assistance, that they may be eligible for federal benefits and/or explore private health care options through the Health Insurance Marketplace. If this is the case, I authorize the Department to give my name and information on this application to the Marketplace.

• Renewal of coverage in future years: To make it easier to determine my eligibility for help paying for health coverage in future years, I agree to allow the Health Insurance Marketplace to use my income data, including information from tax returns. The Marketplace will send me a notice, let me make any changes, and I can opt out at any time.

Your Rights and Responsibilities Read about your rights and responsibilities:

RIGHT TO NONDISCRIMINATION
This institution is prohibited from discriminating on the basis of race, color, national origin, disability, age, sex and in some cases religion or political beliefs.

The U.S. Department of Agriculture also prohibits discrimination based on race, color, national origin, sex, religious creed, disability, age, political beliefs or sexual or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, (AD-3027), found online at: http://www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

(1) mail: U.S. Department of Agriculture Office of the Assistant Secretary for Civil Rights 1400 Independence Avenue, SW Washington, D.C. 20250-9410
(2) fax: (202) 690-7442; or
(3) email: program.intake@usda.gov

For any other information dealing with Supplemental Nutrition Assistance Program (SNAP) issues, persons should either contact the USDA SNAP Hotline Number at (800) 221-5689, which is also in Spanish or call the State Information/Hotline Numbers (click the link for a listing of hotline numbers by State); found online at: http://www.fns.usda.gov/snap/contact_info/hotlines.htm.

To file a complaint of discrimination regarding a program receiving federal financial assistance through the U.S. Department of Health and Human Services (HHS), write: HHS Director, Office for Civil Rights, Room 515-F, 200 Independence Avenue, S.W., Washington, D.C. 20201 or call (202) 619-0403 (voice) or (800) 537-7697 (TTY).

This institution is an equal opportunity provider.

RIGHT TO CONFIDENTIALITY
We will keep your information private. It will only be used to decide which programs you may be eligible for. The county assistance office (CAO), when requested, must provide federal, state and local law enforcement officials with the address, Social Security number (SSN) and photograph (if available) of an individual who is fleeing to avoid prosecution, custody or confinement for a felony or violating probation or parole. Any person knowingly violating any of the rules and regulations of this department shall be guilty of a misdemeanor and, upon conviction shall be sentenced to pay a fine, not exceeding one hundred ($100) dollars, or to undergo imprisonment, not exceeding six months, or both (62 P.S. section 483).

RIGHT TO A WRITTEN NOTICE
We will give you a written notice explaining your benefits. If we deny, change, suspend or stop benefits, we will give you a written explanation of why. You have 30 days (90 days for Supplemental Nutrition Assistance Program (SNAP) benefits) from the mailing date of the notice to ask for a hearing.

RIGHT TO APPEAL
You have the right to ask for a Department of Human Services (DHS) hearing to appeal a decision if you believe it is unfair or incorrect, or if DHS fails to act on your application for benefits. You may file the appeal at the CAO. If you appeal, you may also request an agency conference before the hearing. If your appeal involves expedited SNAP benefits, you have the right to have this conference with a supervisor within two work days. At the hearing you may represent yourself, or someone else, such as a lawyer, friend or relative may represent you.

RIGHT TO CLAIM GOOD CAUSE
If you apply for cash or Medical Assistance benefits, the law requires you to cooperate with establishing paternity and seeking support. You may be excused from these requirements if you prove it may be dangerous for you and/or your children. This is not a good cause. Unless a good cause exemption is established, you will be required to meet employment and training requirements. You will also be required to meet semi-annual reporting requirements unless good cause is granted.

RIGHT TO CERTIFICATE OF CREDIBLE COVERAGE
Federal law limits when health coverage may be denied or limited for a pre-existing condition. If you enroll in a group health plan that excludes treatment for a condition you already had, you can be credited for the time you received Medical Assistance coverage. This may help you obtain coverage. Contact your caseworker to request this certificate.

RESPONSIBILITY TO PROVIDE INFORMATION
You must give true, correct and complete information. You must help in proving the information you give. Benefits may be denied if you fail to provide certain proof. If you cannot provide proof, you should ask the CAO to help you obtain it. If you are contacted by DHS or the Office of State Inspector General, you must fully cooperate with those persons or investigators. If you are age 55 or older and receive Medical Assistance to pay for nursing facility services, home and community-based waiver services and any related hospital and prescription drug service, you may be required to repay the cost of these services from your probate estate. If you are applying for cash assistance, we may require you to sign an agreement to repay benefits that you, your spouse and your children have received.

RESPONSIBILITY TO PROVIDE SOCIAL SECURITY NUMBERS
For cash, Medical Assistance and/or SNAP benefits, you must provide an SSN for each person for whom you are applying. If you do not have an SSN, you must apply for one. Not providing an SSN may result in not being able to receive benefits. For cash benefits, we may ask for an SSN for anyone whose income or resources may affect your eligibility or the amount of benefits. Your SSN will be used for identity, for computer matches which verify income and resources, and to prevent duplication of state and federal benefits. An alien who is applying for emergency Medical Assistance only is not required to provide an SSN. (42 U.S.C. 1320b-7)

RESPONSIBILITY TO USE THE PA ACCESS CARD LAWFULLY
Once you are eligible for benefits, you will be issued a PA ACCESS card. This card may only be used for the person who is eligible and only during the eligibility period. You may only use the card for services that are needed and reasonable.

RESPONSIBILITY TO REPORT CHANGES
If you qualify for benefits, you will be required to report changes in your circumstances to your caseworker or to the Customer Service Center. Types of changes reported would include people leaving or moving into the house, a new address, a new job for someone, if someone loses a job, birth of a child, new sources of income or changes to income, and lottery and gambling winnings. Your caseworker and notices you receive will cover the specifics in detail based on the programs and benefits you are eligible for. Failure to report required changes within the program guidelines could result in a loss of benefits, sanctions, or civil or criminal charges. You may report changes to the CAO in person, by phone, fax, mail or through a MyCOMPASS account. You may also report changes to the Customer Service Center at 1-877-395-8930, or for Philadelphia, 1-215-560-7226 any time.

PRIVACY ACT STATEMENT
(i) The collection of this information, including the Social Security number (SSN) of each household member, is authorized under the Food and Nutrition Act of 2008, as amended, 7 U.S.C. 2011-2036d. The information will be used to determine whether your household is eligible or continues to be eligible to participate in the SNAP Program. We will verify this information through computer matching programs. This information will also be used to monitor compliance with program regulations and for program management.

(ii) This information may be disclosed to other federal and state agencies for official examination, and to law enforcement officials for the purpose of apprehending persons fleeing to avoid the law.

(iii) If a SNAP claim arises against your household, the information on this application, including all SSNs, may be referred to Federal and State agencies, as well as private claims collection agencies, for claims collection action.

(iv) Providing the requested information, including the SSN of each household member, is voluntary. However, failure to provide an SSN will result in the denial of SNAP benefits to each individual failing to provide an SSN. Any SSNs provided will be used and disclosed in the same manner as SSNs of eligible household members.

NOTICE OF PRIVACY PRACTICES

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

The Department of Human Services (DHS) provides and pays for many types of benefits and social services. We also determine an individual's eligibility to receive benefits and services. To do these things, we have to collect personal and health information about you and/or your family. The information we collect about you and/or your family is private. We call this information “protected health information.”

DHS does not use or disclose DHS health information unless it is permitted or required by law. DHS is required by law to maintain the privacy of protected health information, to provide individuals with notice of its legal duties and privacy practices concerning protected health information and to notify affected individuals in the case of a breach of unsecured protected health information. As a “covered entity,” DHS must follow applicable laws protecting the privacy of your protected health information which include the Health Insurance Portability and Accountability Act (HIPAA) privacy rules. Under HIPAA, Medicaid agencies, certain health plans and health care providers are examples of covered entities that must comply with HIPAA. Other laws that may apply include rules concerning confidential information about Medical Assistance, other benefits, behavioral health, substance abuse/treatment and HIV/AIDS. When we use or disclose protected health information, we make every reasonable effort to limit its use or disclosure to the minimum necessary to accomplish the intended purpose. This notice explains your right to privacy of your protected health information and how we may use and disclose that information. For more information on DHS privacy practices, or to receive another copy of this notice, please contact us. For information on how to contact us, see the “Questions or Complaints” section on the last page of this notice.

We are required by law to follow the terms of this notice. We reserve the right to change the terms of this notice and to make the new notice provisions effective for all protected health information we maintain. If we make an important change in our privacy policies or procedures, we will post a revised copy of the notice on our website and/or provide you with a new privacy notice by mail or in person. You may request and receive a paper copy of this notice at any time.

What is protected health information?

Protected health information is information about you that relates to a past, present or future physical or mental health condition, treatment or payment for treatment, and that can be used to identify you. This information includes any information, whether verbal or recorded in any form, that is created or received by DHS or persons or organizations that contract with DHS. This includes electronic information and information in any other form or medium that could identify you, for example:

- Your name (or names of your children)
- Address
- Date of birth
- Admission/discharge date
- Diagnostic code
- Telephone number
- DHS case number
- Social Security number
- Medical procedure code
Who sees and shares my health information?

DHS professionals (such as caseworkers and other county assistance office and program staff) and people outside of DHS (such as our contractors, health maintenance organization (HMO) staff, nurses, doctors, therapists, social workers and administrators) may see and use your health information to determine your eligibility for benefits, treatment, payment or for other required or permitted reasons. Sharing your health information may relate to services and benefits you had before, receive now, or may receive later. DHS will not use or share genetic information about you when deciding if you are eligible for Medicaid.

Why is my protected health information used and disclosed by DHS?

There are different reasons why we may use or disclose your protected health information. The law says that we may use or disclose information without your consent or authorization for the reasons described below.

**For Treatment:** We may use or disclose information so that you can receive medical treatment or services. For example, we may disclose information your doctor, hospital or therapist needs to know to give you quality care and to coordinate your treatment with others helping with your care.

**For Payment:** We may use or disclose information to pay for your treatment and other services. For example, we may exchange information about you with your doctor, hospital, nursing home, or another government agency to pay the bills for your treatment and services.

**For Operating Our Programs:** We may use or disclose information in the course of our ordinary business as we manage our various programs. For example, we may use your health information to contact you to provide information about appointments, health-related information and benefits and services. We may also review information we receive from your doctor, hospital, nursing home and other health care providers to review how our programs are working or to review the need for and quality of health care services provided to you and/or your family.

**For Public Health Activities:** We report public health information to other government agencies concerning such things as contagious diseases, immunization information, and the tracking of some diseases such as cancer.

**For Law Enforcement Purposes and As Required by Legal Proceedings:** We will disclose information to the police or other law enforcement authorities as required by court order.

**For Government Programs:** We may disclose information to a provider, government agency or other organization that needs to know if you are enrolled in one of our programs or receiving benefits under other programs such as the Workers’ Compensation Program.

**For National Security:** We may disclose information requested by the federal government when they are investigating something important to protect our country.

**For Public Health and Safety:** We may disclose information to prevent serious threats to health or safety of a person or the public.

**For Research:** We may disclose information for permitted research purposes and to develop reports. These reports do not identify specific people.

**For Coroner's, Funeral Directors and Organ Donation:** We may disclose information to a coroner or medical examiner for identification purposes, cause of death determinations, organ donation and related reasons. We may also disclose information to funeral directors to carry out funeral-related duties.

**For Reasons Otherwise Required By Law:** DHS may use or disclose your protected health information to the extent that the use or disclosure is otherwise required by law. The use or disclosure is made in compliance with the law and is limited to the requirements of the law.

Do other laws also protect certain health information about me?

DHS also follows other federal and state laws that provide additional privacy protections for the use and disclosure of information about you. For example, if we have HIV or substance abuse information, with a few exceptions, we may not release it without special, signed written permission that complies with the law. In some situations, the law also requires us to obtain written permission before we use or release information concerning mental health or intellectual disabilities and certain other information.
Can I ask DHS to use or disclose my health information?

Sometimes, you may need or want to have your protected health information sent or otherwise disclosed to someone or somewhere for reasons other than treatment, payment, operating our programs, or other permitted or required purpose not needing your written authorization. If so, you may be asked to sign an authorization form, allowing us to send or otherwise disclose your protected health care information as you request.

The authorization form tells us what, where and to whom the information will be sent or otherwise disclosed. You may revoke your authorization or limit the amount of information to be disclosed at any time by letting us know in writing, except to the extent that DHS has already taken action in reliance upon the authorization.

If you are younger than 18 years old and, by law, you are able to consent for your own health care, then you will have control of that health information. You may ask to have your health information sent to any person who is helping you with your health care.

Except as described in this Notice, we will not use or disclose your health information without your written authorization. For example, HIPAA generally requires written authorization before a covered entity may use or disclose an individual’s psychotherapy notes. In most cases, HIPAA also requires written authorization before a covered entity may use or disclose protected health information for marketing purposes or before it sells it.

What are my rights regarding my health information?

As a DHS client, you have the following rights regarding your protected health information that we use and disclose:

**Right to See and Copy Your Health Information:** You have the right to see most of your protected health information and to receive a copy of it. If you want copies of information you have a right to see, you may be charged a small fee. However, generally, you may not see or receive a copy of: (1) psychotherapy notes; or (2) information that may not be released to you under federal law.

If we deny your request for protected health information, we will provide you a written explanation for the denial and your rights regarding the denial.

DHS does not receive or keep a file of all of your protected health information. Doctors, hospitals, nursing homes and other health care providers (including an HMO, if you are enrolled in one) may also have your protected health information. You also have a right to your health information through your doctor or other provider who has these records.

**Right to Correct or Add Information:** If you think some of the protected health information we have is wrong, you may ask us in writing to correct or add new information. You may ask us to send the corrected or new information to others who have received your health information from us. In certain cases, we may deny your request to correct or add information. If we deny your request, we will provide you a written explanation of why we denied your request. We will also explain what you can do if you disagree with our decision.

**Right to Receive a List of Disclosures:** You have the right to receive a list of where your protected health information has been sent, unless it was sent for purposes relating to treatment, payment, operating our programs, or if the law says we are not required to add the disclosure to the list. For example, the law does not require us to add to the list any disclosures we may have made to you, to family or persons involved in your care, to others you have authorized us to disclose to, or for information disclosed before April 14, 2003.

**Right to Request Restrictions on Use and Disclosure:** You have the right to ask us to restrict the use and disclosure of your protected health information. We may not be able to agree to your request. In fact, in some situations, we are not permitted to restrict the use or disclosure of the information. If we cannot comply with your request, we will tell you why. Except as otherwise required by law, we must grant your request to restrict disclosure to a health plan if the purpose of disclosure is not for treatment and the medical services to which the request applies have been paid out-of-pocket in full.

**Right to Request Confidential Communication:** You may ask us to communicate with you in a certain way or at a certain location. For example, you may ask us to contact you only by mail.

**Right to Receive Notification of a Breach:** You have the right to receive notification if there is a breach of your unsecured protected health information.
