Program Description:

In 1990 the Allegheny County Juvenile Court created the Community Intensive Supervision Program (CISP) to serve as a Court ordered, community-based alternative to residential placement. The program is designed for juveniles that need more structure and supervision than traditional probation. Juveniles who are being stepped up from probation or stepped down from residential placement are appropriate for the program.

The program now includes six integral neighborhood Centers (Garfield, Hill, Homewood, McKeesport, North Side, and Wilkinsburg) that provide intensive supervision, structure, and programming for delinquent juveniles residing in those neighborhoods. Throughout its history, CISP has been successful in engaging the local community to enhance public safety, hold juveniles accountable, and help them become law-abiding and productive citizens.
