Total CHC enrollment as of June 2021 is 386,069 up from 384,830 in May 2021. Waiver growth continues on an upward trend. The nursing facility enrollments saw an increase this month.
The graphic below reflects the changes from May’s market share by MCO to June’s market share by MCO. All fluctuations are 0.5% or less.

The NFI population continues to account for the majority of the population at 62.9%, representing a 0.1% increase from last month. The percentage of HCBS participants increased by 0.2% to reach 26.8% and the LTC population fell to 10.4% of the overall population due to a 0.1% decrease.
**CHC Enrollments by County**

Data Period: June 2021

*Note: If a participant is in a nursing facility and has a home outside of the nursing facility, the participant is counted in the county of the nursing facility.

---

**Statewide LTSS Population and HCBS Percentage**

Data Period: June 2021

*This chart contains CHC, OBRA, Act150 and LIFE program participants.*
In June, the statewide percentage of non-duals remained at 8.5%. The percentage of participants in aligned D-SNPs increased from 12.2% to 12.3%, and the percentage of participants in unaligned D-SNPs increased from 29.5% to 29.6%. The percentage of participants in FFS Medicare decreased by 0.2% to 38.1%. Other Medicare Advantage increased 0.1% to 10.2%.
Data Period: June 2021

**D-SNP Participants**

- Since June 2020, D-SNP participants have increased by 15.9%.
- The decrease in D-SNP enrollment for December is likely a data anomaly related to timing issues of when OLTL sends enrollment to CMS and when CMS sends D-SNP enrollment back, potentially due to open enrollment in Q4 2020.
- A mismatch between CMS and OLTL’s IT systems would not count as a D-SNP enrollment for a particular plan. This will continue to be footnoted on future data briefs.

**Number of Personal Care Homes and Assisted Living Facilities by County**

- Data Period: June 2021

---

*Note: Data may be excluding participants who changed Medicare MCO during open enrollment, due to IT system rules.*
