

State Innovation Model (SIM)

PA Long Term Care Commission

July 11, 2014

Background:

- CMMI Round II Funding Opportunity
 - Design Grants
 - Model Design Testing Grants
- Application Deadline: July 21

Application Requirements:

- Model Design Testing Grant application requirements:
 - Population health
 - Integrated HIT plan
 - Transform healthcare payment and delivery systems
 - Decrease total per capita healthcare spend
 - Public and private collaboration with multi-payer and stakeholder engagement
 - Engagement of at least 80% of population
 - Use of policy and regulatory levers to achieve innovation

Pennsylvania's Strategy:

- Stakeholder-driven process
- Continue with plan submitted in December, 2013
- Payment and delivery system reform centered on development of APOs, PCMHs, and episodes-of-care, as well as community health teams for Medicaid population and high utilizers.
- Alignment of performance measures across providers
- Creation of a “Transformation Center” which will support practice transformation.
- Strong investment in I.T. including
 - EHR adoption and connectivity incentives
 - APO and PCMH performance measurement
 - Increased investment in telemedicine
