### **Community Support Service Providers - Federal Financial Participation Rate Change and Continued Billing Requirements**

The Centers for Medicare and Medicaid Services (CMS), requires the Commonwealth of Pennsylvania, Department of Human Services, Office of Mental Health and Substance Abuse Services (OMHSAS) to assure all providers affirm payment of state funds prior to submitting invoices to PROMISe™ for federal reimbursement for recipients served in the fee-for-service program. Documentation should be maintained in the patient's record at the provider entity and the County entity remains responsible for maintaining records of all state monies distributed.

With the start of the new federal fiscal year 2019/2020, which begins on October 1, 2019 the Federal Financial Participation (FFP) rate of reimbursement will remain at 52.25 percent; the state portion will remain at 47.75 percent.

The Department-established fees for these services along with federal and state splits for dates of service on or after October 1, 2019 are:

| Specialty | Service                                   | Fee     | Federal | State   |
