The Department of Human Services (Department) is updating the medical necessity guidelines for Acne Agents, Topical to remove the section related to automated prior authorization. There are no other changes to the medical necessity guidelines.

The revisions to the guidelines to determine medical necessity of prescriptions for Acne Agents, Topical were subject to public review and comment and subsequently approved for implementation by the Department.

PROCEDURE:

The procedures for prescribers to request prior authorization of Acne Agents, Topical are located in SECTION I of the Prior Authorization of Pharmaceutical Services Handbook. The Department will take into account the elements specified in the clinical review guidelines (which are included in the provider handbook pages in the SECTION II chapter related to Acne Agents, Topical) when reviewing the prior authorization request to determine medical necessity.

As set forth in 55 Pa. Code § 1101.67(a), the procedures described in the handbook pages must be followed to ensure appropriate and timely processing of prior authorization requests for drugs and products that require prior authorization.

I. Requirements for Prior Authorization of Acne Agents, Topical

A. Prescriptions That Require Prior Authorization

Prescriptions for Acne Agents, Topical that meet any of the following conditions must be prior authorized:

1. A non-preferred Acne Agent, Topical. See the Preferred Drug List (PDL) for the list of preferred Acne Agents, Topical at: https://papdl.com/preferred-drug-list.

2. An Acne Agent, Topical that contains a topical retinoic acid derivative or azelaic acid when prescribed for a beneficiary age 21 years or older.

3. An Acne Agent, Topical with a prescribed quantity that exceeds the quantity limit. The list of drugs that are subject to quantity limits, with accompanying quantity limits, is available at: https://www.dhs.pa.gov/providers/Pharmacy-Services/Pages/Quantity-Limits-and-Daily-Dose-Limits.aspx.

B. Review of Documentation for Medical Necessity

In evaluating a request for prior authorization of a prescription for an Acne Agent, Topical, the determination of whether the requested prescription is medically necessary will take into account the whether the beneficiary:

1. For a non-preferred Acne Agent, Topical, has a history of therapeutic failure of or a contraindication or an intolerance to the preferred Acne Agents, Topical; AND

2. For specified preferred and non-preferred Acne Agents, Topical listed in Section A.2. when prescribed for a beneficiary age 21 years or older, has a diagnosis that confirms the treatment is for a non-cosmetic indication, such as, but not limited to, acne, rosacea, or plaque psoriasis; AND

3. If a prescription for an Acne Agent, Topical is for a quantity that exceeds the quantity limit, the determination of whether the prescription is medically necessary will also take into account the guidelines set forth in the Quantity Limits Chapter.

NOTE: If the beneficiary does not meet the clinical review guidelines listed above but, in the professional judgment of the physician reviewer, the services are medically necessary to meet the medical needs of the beneficiary, the request for prior authorization will be approved.

C. Clinical Review Process

Prior authorization personnel will review the request for prior authorization and apply the clinical guidelines in Section B. above to assess the medical necessity of a prescription for an Acne Agent, Topical. If the guidelines in Section B. are met, the reviewer will prior authorize...
the prescription. If the guidelines are not met, the prior authorization request will be referred to a physician reviewer for a medical necessity determination. Such a request for prior authorization will be approved when, in the professional judgment of the physician reviewer, the services are medically necessary to meet the medical needs of the beneficiary.
