EXECUTIVE SUMMARY

The Commonwealth of Pennsylvania joined 45 other states in November 1998 in a Master Settlement Agreement (MSA) with the tobacco industry, estimated to total \$206 billion over the first 25 years. Pennsylvania's share was estimated to be about \$11 billion between the years 2000 and 2025. Act 2001-77 allocates funds from the MSA for several health-related initiatives.

This report summarizes Tobacco Settlement Fund payments for the period of July 1, 2014 to June 30, 2015 for three areas: uncompensated care for hospitals, home and community-based services for older Pennsylvanians, and Medical Assistance for Workers with Disabilities (MAWD).

UNCOMPENSATED CARE FOR HOSPITALS

Purpose and Description

The Tobacco Settlement Act of 2001 (Act 77), Chapter 11, established the Hospital Uncompensated Care Program to provide funding to hospitals that serve uninsured and/or low-income Pennsylvania residents. The Hospital Uncompensated Care Program is itself divided into two components – the Uncompensated Care (UC) Payment Program (which receives 85% of the available funds) and the Extraordinary Expense (EE) Payment Program (which receives the remaining 15% of the available funds). Act 77 specifies several requirements that a hospital must meet in order to be eligible for inclusion in the program’s payment calculations. The purpose of the UC Program is to annually pay hospitals for a portion of the uncompensated care provided to patients. The EE Program compensates hospitals for specific cases of uninsured patients with very high costs. According to Act 77, if qualified under both programs, a hospital may elect to receive payment under the EE Program in lieu of payment under the UC Program. Dually-qualified hospitals are notified and provided the opportunity to elect payment. For the State Fiscal Year (FY) 2014-2015 Tobacco Uncompensated Care Program, 209 Attestations of Compliance were mailed to hospitals. Of those 209 attestations, 200 were returned indicating compliance. State FY 2014-2015 UC payments totaling \$44,772,452.59 were distributed to 86 hospitals; 68 hospitals received EE payments totaling \$7,901,021.05. In total, \$52,673,473.64 has been distributed through this program, of which \$27,395,473.64 is federal money.

Benefit to Commonwealth

This hospital funding benefits the Commonwealth by promoting access to care for uninsured patients. The direct beneficiaries are Pennsylvania hospitals that are in the top half of hospitals treating Medical Assistance, Supplemental Security Income/Disabled and uninsured patients. Hospitals that incur occasional high extraordinary expenses treating uninsured cases can also benefit from the program. As these payments will help ensure the financial stability of qualified hospitals, the program also benefits the aforementioned patient populations.

Additional Issues or Concerns

Arbitration Panel Decision

In October 2013, the Pennsylvania Attorney General’s Office notified the Governor’s Budget Office that the state’s annual share of the Tobacco Master Settlement Agreement would be reduced by approximately 54 percent of the state’s base tobacco payment (an estimated \$180 million), as a result of a decision by an arbitration panel to address claims from 2003. Arbitrators had penalized Pennsylvania, finding that in 2003 it did not “diligently enforce” certain laws that require the collection of taxes and other payments from all tobacco companies, including ones that are not part of the 1998 settlement. In November 2013, Pennsylvania Attorney General Kathleen G. Kane asked Common Pleas Court in Philadelphia to overturn that arbitration decision. Judge Patricia McInerney denied the state’s motion to vacate the arbitrators’ decision. However, she granted the financial relief the state had requested. Because the arbitration decision was modified, the payment was reduced by an estimated \$60 million

instead of the original estimated \$180 million. The FY 2013-2014 tobacco settlement funds remained in reserve until the April 2015 master settlement agreement payment was received; payments were disbursed in August 2015 and are shown in **Addendum 1** of this report.

Audit of Tobacco UC and EE Payments

The Department of the Auditor General (DAG) began auditing Tobacco EE Program payments in FY 2000-2001. Per a letter dated April 14, 2009, the DAG also began reviewing tobacco fund payments made to hospitals based upon uncompensated care scoring methodology.

The purpose of the DAG's review of the EE payments is to determine whether proper documentation exists to support the claims submitted as extraordinary expense eligible and whether each hospital received the payment to which it was entitled. The purpose of the DAG's UC payments review is to determine whether proper documentation exists for the fifteen data elements utilized by the Department and to ensure each hospital received the payment to which it was entitled.

The Summary Report of the FY 2009-2010 Tobacco UC and EE payments was issued by the DAG on May 23, 2014. Due to the uncertainty concerning the future of the UC and EE Programs per the arbitration panel decision noted above, the Department chose not to establish or implement the new policies, procedures and practices the DAG recommended in its report. The Department also declined to make any funding adjustments for FY 2009-2010 for either the UC or EE component of the program.

Summary Reports pertaining to Tobacco Program payments for FY 2010-2011, FY 2011-2012 and recently, FY 2012-2013 have been issued by the DAG. As it appears these programs will continue, the Department is in the process of reviewing its' current policies, procedures and practices and considering options.

Disproportionate Share – Upper Limit Issues

As required by Act 77, the Department obtained federal matching funds per State Plan Amendment approval on March 24, 2003 (effective July 1, 2002). Section 1923(g) of the Social Security Act, 42 U.S.C. §1396r-4(g), Omnibus Budget Reconciliation Act (OBRA) '93', mandates that no hospital receiving supplemental payments that include federal monies may exceed their hospital-specific Disproportionate Share Hospital (DSH) Upper Payment Limit (UPL). From its inception through FY 2009-2010, Tobacco Program eligibility determination and payment distribution were considered late in the fiscal year, with the Tobacco Program payment applied to the DSH UPL last in the sequence of DSH program payments. In FY 2010-2011, the Department implemented a procedure change by using a hospital's DSH UPL prior to other DSH program payments, rather than the DSH UPL remaining after other DSH program payments, to determine hospitals over their DSH UPL for the Tobacco Program payment. This change allowed the Department to determine Tobacco Program payments up to the hospital's initial DSH UPL and resulted in fewer hospitals exceeding their DSH UPL due to an Uncompensated Care or Extraordinary Expense Program payment. Where necessary, the Department will recover payments from other DSH programs in excess of a hospital's DSH

UPL. As a result of this change, the information in Attachment 5 has been modified and will now reflect the following:

- Hospitals Over Limit – Qualified for UC or EE Payment
- Hospitals Over Limit – Not Qualified for UC or EE Payment
- Hospitals At Limit – Received Payment Up to Limit

Summary

The totals included in this report are subject to change due to the Department of the Auditor General's review of payments.

Description of Attachments

A = The difference of \$49,641.77 between the appropriation and the expenditure is due to the status of HEALTHSOUTH Rehab – Lake Erie. This facility returned their tobacco payment because they did not meet the requirements of the legislation.

B = The difference of \$1,361,996.50 between the appropriation and the expenditure is due to the audits completed by the Department of Auditor General (DAG). The final total for Extraordinary Expense costs is less than the total allocation available.

C = The difference of \$3,297,152.71 between the appropriation and the expenditure is due to the audits completed by the DAG. The final total for Extraordinary Expense costs is less than the total allocation available.

D = The difference between the appropriation and the expenditures is due to the audits completed by the DAG. The final total for Extraordinary Expense costs is less than the total allocation available.

E = The difference of \$1,583,179.66 between the appropriation and the expenditures reflects the on-going DSH-UPL process. This money was redistributed in May 2006.

F = The difference of \$2,049,062.73 between the appropriation and the expenditures reflects the on-going DSH-UPL process. This money was redistributed in August 2007.

G = The difference of \$1,167,671.64 between the appropriation and the expenditures reflects the on-going DSH-UPL process. This money was redistributed in February 2008.

H = The difference of \$15,281.28 between the appropriation and the expenditures is due to the recoupment of Bryn Mawr Rehabilitation Hospital's Extraordinary Expense payment. Further review revealed that the hospital had not resolved its DSH-UPL issues and was not entitled to payment.

I = The difference of \$88,874.18 between the appropriation and the expenditures is due to two eligible and qualified hospitals that were unable to receive their extraordinary expense payments due to unresolved UPL issues.

Methodology

UNCOMPENSATED CARE (UC) PAYMENT METHOD

Each hospital with an Uncompensated Care Score that meets or exceeds the median for all hospitals qualifies for payment.

An eligible hospital's uncompensated care score is the sum of the following, using average data from the most recent available three-year period:

1. The number of Medical Assistance (MA) Inpatient Days as a percentage of Total Inpatient Days
2. The number of Medicare Supplemental Security Income (SSI) Days as a percentage of Total Inpatient Days
3. The amount of Uncompensated Care provided as a percentage of Net Patient Revenue (NPR) based on the most recent hospital financial analysis data reported to the Pennsylvania Health Care Cost Containment Council (PHC4)

Payments to qualified hospitals are calculated as follows:

1. Multiply the hospital's Uncompensated Care Score by its three-year average Total Inpatient Days
2. Divide this product by the sum of the products for all qualified hospitals to arrive at a share percentage for each hospital
3. Multiply each hospital's share percentage by the total allocated funds to determine individual hospital UC allocations

UC payments are capped at both the individual hospital's reported three-year average UC amount and the hospital's specific disproportionate share upper payment limit.

The balance of the pool that remains after applying caps is redistributed to the remaining hospitals in the same manner as above.

EXTRAORDINARY EXPENSE (EE) PAYMENT METHOD

Hospitals qualify for payment under the EE payment method if the hospital provided uncompensated care to a patient with extraordinary expenses in the most recent fiscal year for which data is available. An extraordinary expense is defined as the cost of a hospital inpatient service provided to an uninsured patient which exceeds twice the hospital's average cost per stay for all patients.

Utilizing the most recent year of data received from PHC4, claims are selected that have a self-pay or no insurance indicator. Eligibility and payment amounts are calculated as follows:

1. Determine the average charge per claim for each hospital by dividing the total charge for each hospital by the total number of claims for each hospital
2. Apply PCH4's hospital-specific MA cost-to-charge ratio to each hospital's average charges to determine the average total cost for each hospital
3. Identify EE claims, defined as individual claims where the cost of the claim exceeds twice the hospital's average cost per claim
4. Add the costs of EE claims by hospital
5. Divide each hospital's EE costs into the grand total of EE costs for all hospitals to arrive at each hospital's EE share percentage
6. Multiply each hospital's EE share percentage by the total allocated funds to determine individual hospital EE allocations
7. Allocations are the lesser of the actual costs of the qualifying claims from step 4 or the amount calculated in Step 6

PROGRAM ADMINISTRATION AND PAYMENT DISBURSEMENT PROCESS

On an annual basis, an Uncompensated Care Data Validation Package is mailed to every acute care, medical rehabilitation and psychiatric hospital enrolled in the Pennsylvania Medical Assistance Program. This package is comprised of a letter, an Attestation of Compliance and a Data Sheet. The attestation addresses the requirements of a charity care plan and uniform reporting as stated within Act 77 of 2001. Only those hospitals that return a signed attestation affirming compliance with the Act are considered in the calculations for both UC and EE payment methods. The purpose of sending the Data Sheets is to provide hospitals with the data currently on file with the Department and the opportunity to make any corrections to the data. Appropriate documentation is required for any requested changes.

1. Once the data is verified or corrected by the participating hospitals, payments are calculated as outlined above.
2. Hospitals that qualify for both UC and EE payments are notified and provided with an opportunity to elect the EE payment in lieu of the UC payment.
3. Based on selections, payments are recalculated.
4. UC and EE payments are disbursed.

EXPANSION OF HOME AND COMMUNITY-BASED SERVICES TO INDIVIDUALS OVER 60 YEARS OF AGE

Introduction

Act 77 funding allowed for the expansion of home and community-based services to better serve consumers who want to remain in their homes instead of receiving services in an institutional setting. Today, many older persons are living independently in their homes and communities. Throughout the Commonwealth, services are offered that enable individuals to remain in their homes and communities instead of going into institutional facilities. This care allows an older individual to live independently at home for as long as possible.

Act 77 allowed for increased opportunities for community-based services by funding expansion of home and community-based services for older Pennsylvanians. The Act increased the number of older Pennsylvanians that could be served in the Medical Assistance community-based waiver program, commonly called the Aging Waiver. The Waiver has been in existence since 1995 and allows many older Pennsylvanians to receive services in the community. Tobacco Settlement Funding allows more individuals to receive these services.

Chart 1

**Aging Waiver Allocation for Fiscal Year 2014-15
Direct Service Funding**

Chart 1 shows the funding sources for Aging Waiver for direct services to individuals. The total allocated amount is \$748,313,438. Federal and State Tobacco Settlement Funds provide \$87,810,000 for direct care services in the Aging Waiver Program. No ARRA, IGT Federal or State dollars funded the Aging Waiver in FY 2014-2015.

Note on Data

The home and community-based services section of this report is based on Medical Assistance claims data available as of October 2015. Under the rules of the Medical Assistance program, providers may bill for services rendered within six months from the date of service which means that all services provided during fiscal year 2014-15 may not be captured in this report. DHS estimates that the report captures approximately 90 percent of claims for fiscal year 2014-15. The Tobacco Fund did provide approximately \$40.1 Million additional funds towards the Aging Waiver. When matched with federal funds, \$87.8 Million was directed towards this program.

The legislation defined individuals who are enrolled and receiving Aging Waiver services as “funded” because the cost of their Plan of Care is paid in full with Medical Assistance funds. For the purpose of this report, individuals enrolled in the Aging Waiver will be referenced as “funded.”

PENNSYLVANIA'S MEDICAL ASSISTANCE FOR WORKERS WITH DISABILITIES (MAWD)

Background

The Ticket to Work and Work Incentives Improvement Act of 1999 (also known as the Ticket to Work) was passed by Congress with the purpose of eliminating barriers to employment faced by people with disabilities (PWDs). The Ticket to Work gives states the option to permit PWDs to work and to buy into Medical Assistance (MA). Pennsylvania exercised this option with the passage of the Tobacco Settlement Act (Act 2001-77 of June 26, 2001 (P.L. 755)). On January 1, 2002, Pennsylvania utilized a portion of the funds from the Tobacco Settlement to begin operation of its Medicaid Buy-In program, known as Medical Assistance for Workers with Disabilities (MAWD). MAWD improves access to health care coverage for working PWDs. Individuals enrolled in MAWD may pay a premium for coverage, based on their countable income, and receive Categorically Needy MA coverage, which offers the full range of services provided under MA eligibility requirements.

The establishment of MAWD created two new MA eligibility groups: Worker with a Disability, and Worker with a Medically-Improved Disability.

To be eligible for MAWD as a Worker with a Disability, individuals must meet the following requirements:

- Be at least 16 years of age but less than 65;
- Be disabled according to the Social Security Administration (SSA) or Departmental Review;
- Have monthly income less than 250 percent of Federal Poverty Income Guidelines;
- Have resources less than, or equal to, \$10,000;
- Be employed and receiving compensation (no minimum monthly hours or earnings required).

To be eligible for MAWD as a Worker with a Medically-Improved Disability, individuals must meet the requirements listed above, and these additional requirements:

- Have previously had ongoing coverage under the Worker with a Disability group;
- Have a medically-improved disability that no longer meets SSA criteria;
- Be employed at least 40 hours per month and earning at least minimum wage.

All individuals enrolled in MAWD must pay a premium of five percent of countable (net) monthly income. The premium is waived when the monthly premium amount is under \$10.

Individuals interested in MAWD may apply through their local county assistance office (CAO) or online via COMPASS, Pennsylvania's online application for social services.

Impact

Prior to the implementation of MAWD, many PWDs would not enter the workforce because earnings from work would make them ineligible for MA. With the implementation of MAWD, PWDs on MA can now obtain a job and maintain their health care coverage. In addition, working PWDs who lack insurance, or are underinsured, can apply for MAWD and obtain necessary health care coverage.

MAWD pays for potentially expensive medical treatment and prescriptions that many individuals require in order to maintain employment. However, some of these individuals have Medicare Part A, Part B and Part D coverage. MA continues to be the payer of last resort. Retaining MA coverage allows these individuals to stay in the workforce and remain productive citizens.

As of December 2014, MAWD had 38,303 PWDs enrolled in the program.

ADDENDUM 1**UNCOMPENSATED CARE FOR HOSPITALS 2013-14**

The FY 2013-2014 tobacco settlement funds remained in reserve for hospitals until the April 2015 master settlement agreement payment was received; payments were disbursed in August 2015. For the State Fiscal Year (FY) 2013-2014 Tobacco Uncompensated Care Program, 202 Attestations of Compliance were mailed to hospitals. Of those 202 attestations, 198 were returned indicating compliance. State FY 2013-2014 UC payments totaling \$22,788,397.66 were distributed to 87 hospitals; 68 hospitals received EE payments totaling \$4,021,481.94. In total, \$26,809,879.60 has been distributed through this program, of which \$13,892,879.60 is federal money.
