4	Type of Bill	M	<p>1 – Admit Through Discharge Claim This code is to be used for a bill, which is expected to be the only bill to be received for a course of treatment or inpatient confinement. In using this code, the payer is to operate on the principle that the original bill is null and void, and that the information present on this bill represents a complete replacement of the previously issued bill. This code replaces a prior claim. It does not simply adjust a prior claim. (Frequency Code 7 cannot be used to correct beneficiary or provider number errors. For those errors, submit bill with Frequency Code 8.) Note: Refer to Form Locator 80 for Adjustment Reason Codes.</p> <p>8 – Void/Cancel of Prior Claim This code reflects the elimination of <u>all</u> previously paid claims in there entirety for a specific Provider, Resident, Payer, Insured and “Statement Covers Period”. <i>Refer to the UB-04 Desk Reference for Long Term Care Facilities, located in Appendix A of the handbook.</i></p>
