

# HealthChoices

**The Pennsylvania Department of Human Services (DHS) has updated medical coverage options for people who receive Medical Assistance (MA).**

**This change does not affect your eligibility for MA. You will not lose coverage because of these changes.** Some current MA plans will not be available after September 1, 2022. Individuals on those plans will need to choose a new plan by August 16, 2022, or DHS will assign one to them.

## Important Plan Selection Information

- **PA Enrollment Services sent information by mail to MA recipients** who need to choose a new plan with instructions on how to choose a new plan.
- **You must choose a new plan by August 16, 2022**, to ensure that your new plan includes your current health care providers.
- **Health coverage will continue under current plans until August 31, 2022.**
