

Medicaid Management Information System
Date Issued: February 10, 2020

Good afternoon,

As you might have heard, DHS is moving to a new MMIS platform beginning this year. It is a modular platform that will consist of multiple vendors interfacing with a data hub. Implementation will be done in phases as vendors are brought on board. Information on the new MMIS can now be found at <https://www.dhs.pa.gov/providers/Providers/Pages/MMIS-2020.aspx>. Please use this link to access the quarterly newsletters posted to the DHS website.

Attached is a Special Issue of our MMIS Newsletter, *The Platform*. It provides information on two of our new vendors for this project. They are the System Integrator/Data Hub and EDI partners.

As we get more involved with the implementation and have more specific information to give the MCOs, we will do so.

Please distribute to appropriate staff.

Thank you,

OMHSAS-837/834 Issues/KP

New emails - RA-PWOMHSAS837ISSUES@pa.gov; RA-PWOMHSASCCRIDATA@pa.gov.
