DEPARTMENT OF HUMAN SERVICES

## **Purpose/Introduction**

This report provides the appropriate committees of the Pennsylvania Senate and House of Representatives and other interested parties with the information required to be reported by Section 814-G of the Human Services Code (62 P.S. § 814-G), regarding the Statewide Quality Care Assessment Program (Assessment).

The report analyzes the various components of the Assessment, including the assessment fees paid by each covered hospital, and the amount and types of payments made by the Commonwealth of Pennsylvania (Commonwealth) to individual hospitals through both the fee-for-service and managed care delivery systems.

## **Background**

In 2010, the General Assembly enacted the Act of July 9, 2010 (P. L. 336, No. 49) (Act 49). Act 49 added a new Article VIII-G to the Human Services Code (62 P. S. §§ 801-G—816-G) to authorize the Department of Public Welfare, now the Department of Human Services (Department), to implement the Assessment for a three-year period beginning July 1, 2010 and ending June 30, 2013. In 2013, the Act of July 9, 2013 (P.L. 369, No. 55) (Act 55) reauthorized the Assessment for a three-year period beginning July 1, 2013 and ending June 30, 2016. In 2015, the Assessment was extended for an additional three-year period beginning July 1, 2015 and ending June 30, 2018 by the Act of December 28, 2015 (P.L. 500, No. 92) (Act 92). In 2018, the Assessment was extended for an additional five-year period beginning July 1, 2018 and ending June 30, 2023 by Act 40 of 2018 (Act 40) (P.L. 258, No. 40). Under the Assessment, the Department is required to impose a monetary assessment on all licensed hospitals in the Commonwealth, other than certain exempt hospitals.<sup>1</sup> As required under Act 40, each hospital's assessment amount is determined by multiplying the applicable percentage to the covered hospitals' net inpatient revenue and net outpatient revenue.

Section 814-G of the Human Services Code requires the Department to submit a report on the Assessment by no later than 180 days prior to June 30, 2023. This report is to be submitted to the Chair and Minority Chair of the Health and Human Services Committee of the Senate, the Chair and Minority Chair of the Appropriations Committee of the Senate, the Chair and Minority Chair of the Health and Human Services Committee of the House of Representatives, and the Chair and Minority Chair of the Appropriations Committee of the House of Representatives.

Prior reports, which were issued March 4, 2013 and May 9, 2018 respectively, included information related to Fiscal Years (FY) 2010-11 through FY 2011-12 and FY 2012-13 through FY 2017-18 respectively, as required by Act 49 of 2010. The information contained within this report includes FY 2017-18<sup>2</sup> through FY 2021-22. Information for FY 2022-23 is not available until after the fiscal year is complete and will be reported in a subsequent report.

---

<sup>1</sup> Under section 801-G of the code (62 P. S. § 801-G), the following hospitals are exempt from the assessment: (1) Federal veterans' affairs hospitals; (2) hospitals that provide care, including inpatient hospital services, to all patients free of charge; (3) private psychiatric hospitals; (4) State-owned psychiatric hospitals; (5) critical access hospitals; (6) long-term acute care hospitals; and (7) cancer hospitals.

<sup>2</sup> The number of medical assistance patient days and discharges by hospital for FY 2015-16 and FY 2016-17 is included in this report since information for that period was not available for the May 9, 2018 report.

## **Coronavirus Disease 2019 (COVID-19) Impact**

Unique to the period covered by this report, the federal government declared a Public Health Emergency (PHE) effective January 27, 2020 in response to the COVID-19 pandemic, which received several renewals and remains in effect during the development of this report.

The federal government enacted the Families First Coronavirus Response Act (FFCRA) in 2020. Among other things, the FFCRA provides for a temporary 6.2 percentage point increase in federal medical assistance percentage (FMAP) effective during the PHE. This 6.2 percent increase in FMAP created Assessment balances which enabled the Commonwealth to reduce the FY 2020-21 Assessment rates as well as fund COVID-relief payments to hospitals in FY 2020-21, FY 2021-22, and FY 2022-23 totaling approximately \$353 million. Discontinuation of the 6.2 percent increase will decrease federal funding available for Medical Assistance (MA) payments following the PHE, including those funded by Assessment revenues.

As a condition of receiving a temporary 6.2 percentage point FMAP increase under the FFCRA, states have been required to maintain enrollment of nearly all Medicaid enrollees. The expiration of the continuous coverage requirement is expected to result in the loss of Medicaid coverage and/or potentially higher costs for Medicaid coverage for large numbers of MA beneficiaries when the PHE ends.<sup>3</sup> This loss in coverage has the potential to increase numbers of uninsured and impact hospital net patient revenue.

## **Assessment Rates**

In the Act of June 30, 2011 P.L. 89, No. 22 (Act 22), effective for FY 2012-13, the General Assembly amended the Article VIII-G assessment percentage to 3.22 percent of a covered hospital's Net Inpatient Revenue (NIR). Act 55 of 2013 reauthorized the Assessment and continued the assessment percentage of 3.22 percent for FY 2013-14 and FY 2014-15. In addition to continuing the Assessment, Act 92 established the assessment percentage for FY 2015-16, FY 2016-17, and FY 2017-18 at 3.71 percent of a covered hospital's NIR. Among other things, Act 40 extended the Assessment through FY 2022-23, established the assessment percentage of 2.98 percent of a covered hospital's NIR for FY 2018-19 and 3.32 percent of a covered hospital's NIR for FY 2019-20 through 2022-23. Act 40 also added Net Outpatient Revenue (NOR) as a factor in calculating the assessments, established the assessment percentage of 1.55 percent of a covered hospital's NOR for FY 2018-19 and 1.73 percent of a covered hospital's NOR for FY 2019-20 through 2022-23. Due to the enhanced federal funding made available under the FFCRA and the reduced need for Assessment funds, the Assessment percentages for FY 2020-21 were changed to 3.05 percent of a covered hospital's NIR and 1.59 percent of a covered hospital's NOR via public notice.

## **Assessment Revenues**

Section 805-G of the Human Services Code (62 P.S. § 805-G) established a Quality Care Assessment Account (Account) for the receipt and deposit of revenues collected by the Assessment. The section limits the Department's use of revenues deposited into the Account to MA fee-for-service payments to hospitals, enhanced capitation payments to MA managed care organizations (MCOs) for hospital services, and for any other hospital or hospital related services as approved by the Secretary of Human Services (Secretary). Payments that use funds from the Account are not to exceed the aggregate amount of the Assessment funds collected for the specific state fiscal year less \$109 million in FY 2012-13, \$150 million for FY 2013-14 and FY 2014-15, \$220 million for FY 2015-16, FY 2016-17, and FY 2017-18, \$295 million for FY 2018-19, FY 2019-20, and FY 2020-21, and \$300 million for FY 2021-22 and FY 2022-23. Assessment revenues remaining in the Account after making payments, as identified in the revenue reconciliation schedule as required by Section 805-G (b)(6) of the Human Services Code and capped at \$10 million per Act 40, are used by the Department for purposes approved by the Secretary for inpatient hospital, outpatient hospital and hospital-related services.

The supplemental payment information, detailed in Attachments 6 through 10 of this report, totals \$7 billion in hospital payments made by the Department to hospitals over the five years included in this report. In addition to the \$7 billion in supplemental payments, the Department increased claim payments to hospitals by an additional \$688 million, managed care capitation rates by \$1.4 billion, and managed care quality incentive payments by \$390 million in the same period. These increases relate to the MA modernization initiatives required by Section 443.1(1.1)(ii) and (1.4) of the Human Services Code (62 P.S. § 443.1(1.1) and (1.4)), which included the Department's adoption of the All Patient Refined-Diagnosis Related Group (DRG), adjusted base DRG rates, and changed the outlier payment policy.

## **Hospital Quality Care Incentive Program**

Beginning with FY 2016-17, the Department implemented a hospital-based quality incentive program (HQIP). The goal of HQIP is to incentivize acute care general hospitals to improve the quality of healthcare services. The Department developed this initiative as part of its Quality Strategy and commitment to promote cost-effective, quality healthcare through an outcome and value-based payment structure. HQIP is available to Pennsylvania's in-state acute care general hospitals which serve Medicaid beneficiaries enrolled in the Physical Health HealthChoices (PH-HC) managed care program. Currently the HQIP program is comprised of three components: Potentially Avoidable Admission, Opioid Use Disorder Treatment within 7 days of an opioid use disorder related visit to the Emergency Department, and Racial and Ethnic Health Disparities.

In FY 2016-17, the Department implemented an HQIP aimed to reduce certain inpatient admissions determined by the Department to be avoidable. \$25 million in combined federal and Assessment funds was used to fund the inaugural year of the program. For FY 2017-18 through FY 2021-22, \$45 million in combined federal and Assessment funds has been used to fund the program annually.

In FY 2018-19, the Department expanded HQIP to include a component aimed to incentivize hospitals to provide timely referrals to treatment for beneficiaries with an Opioid Use Disorder (OUD) diagnosis seen in emergency departments of hospitals enrolled in the MA program. \$30 million in combined federal and Assessment funds was used to fund the inaugural year of the program. For FY 2019-20 through FY 2021-22, \$35 million in combined federal and Assessment funds has been used to fund the program annually.

In FY 2021-22, the Department expanded HQIP to include a component to incent hospitals to address potential racial and ethnic health disparities relating to measures for potentially avoidable admissions. \$30 million in combined federal and Assessment funds was used to fund the inaugural year of the program.

## **Reauthorization**

The Assessment is set to expire on June 30, 2023. The Department is in discussion with the Hospital and Healthsystem Association of Pennsylvania for the purpose of timely reauthorization of the Assessment. Both parties recognize the benefit of the Assessment for the MA population, the hospital community, and for the Commonwealth.

## **Conclusion**

The Commonwealth has collected Assessment revenue totaling \$4.6 billion for the five years contained in this report, July 1, 2017 to June 30, 2022. For that same five-year period, these revenues funded \$9.5 billion in increased MA payments and \$1.4 billion in savings to the Commonwealth. The revenue generated from this Assessment has enabled the Department to continue to fulfill one of its core missions, to ensure access to quality hospital services for our MA beneficiaries. The Department continues to support the Assessment and is committed to working with the hospital community to pursue a renewal of this important initiative for the benefit of the MA population, Pennsylvania hospitals, and the Commonwealth as a whole, particularly during the recovery phase from the COVID-19 PHE.
