

## **Safety Net Payments for County Nursing Facilities For the Fiscal Year July 1, 2018 – June 30, 2019**

A payment in Fiscal Year 2018-2019 was made to qualifying county nursing facilities to assure their continued operation as a safety net provider for the MA nursing facility population.

To qualify for a safety net payment the facility must be a county nursing facility both during the period for which the payment is being made and at the time the payment is made.

The Department calculated each qualified county nursing facility's safety net payment by calculating a per diem portion of the payment and a Medicare differential portion of the payment. A qualifying county nursing facility's total safety net payment is the sum of the two proportional amounts calculated for the facility. For a county nursing facility located in a county in which the Community HealthChoices program has been implemented, the sum of the two amounts calculated for a facility are multiplied by 0.5 to determine the facility's annual safety net payment. A description of the calculation of the per diem portion of the payment and the Medicare differential portion of the payment can be found in the public notice *Payments for Nursing Facility Services Provided by County Nursing Facilities; County Nursing Facility Safety Net Payments* published in the *Pennsylvania Bulletin* on January 5, 2019 at 49 Pa.B. 77.

The total funds (state and federal) allocated for FY 2018-2019 is \$108,965,975.00.

The total MA Days for all qualifying county nursing facilities is 1,434,304. The Safety Net Per Diem amount is \$75.09924161.
