

Supplemental Ventilator Care and Tracheostomy Care Payments

Supplemental Ventilator Care and Tracheostomy Care payments will be made to qualifying MA nonpublic and county nursing facilities each calendar quarter beginning July 1, 2014 and effective January 1, 2018, to nursing facilities that are not located in a geographic zone where Community HealthChoices operates subject to the following:

A nonpublic and county nursing facility will qualify for the payment if both of the following criteria are met based on each Picture Date:

(A) The facility has a minimum of ten MA-recipient residents who receive medically necessary ventilator care or tracheostomy care; and

(B) The facility has a minimum of 10% of their MA-recipient resident population receiving medically necessary ventilator care or tracheostomy care.

Note: On October 7, 2018, the Centers for Medicare & Medicaid Services approved State Plan Amendment 18-029 effective October 7, 2018 limiting supplemental ventilator care and tracheostomy care payments to nursing facilities that are not located in a geographic zone where Community HealthChoices operates. Public notice *Payment for Nursing Facility Services Provided by Nonpublic and County Nursing Facilities; Notice of Change for Supplemental Payments* was published in the [Pennsylvania Bulletin](#) on February 23, 2019 at 49 Pa.B.896.

The determination of medically necessary ventilator care is based on whether there is a positive response to MDS 3.0 Section O0100F1 or O0100F2 on the MDS assessment identified on the Picture Date CMI Report. The determination of medically necessary tracheostomy care is based on whether there is a positive response to MDS 3.0 Section O0100E1 or O0100E2 on the MDS assessment identified on the Picture Date CMI Report.

The supplemental ventilator care and tracheostomy care per diem shall equal ((number of MA-recipient residents who receive necessary ventilator care or tracheostomy care/total MA-recipient residents) x \$69) x (the number of MA recipient residents who receive necessary ventilator care or tracheostomy care/total MA-recipient residents). The quarterly payment shall equal the supplemental ventilator care and tracheostomy care per diem multiplied by the number of paid MA facility and therapeutic leave days.
