

07/07/2022

Dear Medical Assistance Provider:

On July 24, 2022, a letter was mailed to your office regarding the Pennsylvania Department of Human Services Third Party Liability Department's recovery activities to recover funds paid by Medical Assistance in error. The Pennsylvania Department of Human Services Third Party Liability Department has contracted with Benefit Recovery Specialists, Inc. to perform those recovery activities.

Benefit Recovery conducted an audit of claims for this disallowance project, and determined that providers who billed MA for patients on waiver programs were erroneously included. Notification will be made to impacted providers to disregard the Medicare Disallowance Project letter dated 06/24/2022.

We apologize for any inconvenience this may have caused.

Sincerely,

Suzette Rahn  
Director of Commercial and TPL Operations  
Benefit Recovery
