90-day supplies of medications – COVID-19

In order to mitigate the spread of COVID-19, Medical Assistance beneficiaries covered by Fee-For-Service (ACCESS) can now get up to 90-day supplies at the pharmacy. Providers should use their discretion when dispensing 90-day supplies of medications that are in short supply.

This guidance will remain in effect while a valid disaster declaration authorized by the Governor related to the COVID-19 virus remains in effect.
