

PROVIDER QUICK TIPS

#122

MEDICAL ASSISTANCE (MA) OUTPATIENT ONLINE FEE SCHEDULE

Effective January 31, 2012, a revised MA outpatient online fee schedule will be available on the Department of Human Services (the department) website.

The enhanced fee schedule features new limit displays, including age, units, place of service, gender, modifiers (informational and pricing,) current and history reimbursement rates, prior authorization requirements and healthcare benefit packages that are linked to the procedure code. Another enhancement to the revised online fee schedule is that it will be updated on a daily basis. However, the MA fees are **NOT** changing at this time.

To access the online outpatient fee schedule, click on the link below:

<http://dhs.pa.gov/publications/forproviders/schedules/mafeeschedules/index.htm>

You may query the schedule by either provider type and procedure code range; or by provider type, specialty code, place of service and/or procedure code.

In order to obtain more specific information pertaining to a procedure code, click on “details” and “limits.” There is also a link to return to the home page and query again.

It is important to note that while this is an improvement to the online fee schedule there are additional enhancements planned for the future. Please refer to your specific MA bulletins for further assistance if you are uncertain of your particular provider type/specialty requirements.

Thank you for your service to our Medical Assistance recipients.

We value your participation.
